19. Park Crescent,
Portland Place. N.W.

Oct 13. 1869

My dear Ward

I enclose the report of the Mineral Bottom Mine. I do not understand the technical terms sufficiently to understand what the prospects of the mine are, but it appears to me that a call will soon have to be made. There are at present no returns of profit; and £1161 was expended during the last two months leaving a balance only of £184 to go towards the expenditure of the next two months.

Yours very truly
C. Wheatstone
